

UNITED STATES ARMY

Monday Nov 27, 44
New Guinea

Dear Dad,

How are you all at home?
I haven't heard from any of
you for almost ten days. I hope
everyone is all right and that
I hear from you soon. I think
the mail is being held up on
this end as the mail bags are piling
up fast at the A.P.O.

There's nothing new to tell
you as I usually go on a detail
every day at the AM or Signal
Depots. We don't do anything else
except take in a movie now
and then.

I picked up some Tap money
so I'm sending it to you in
this letter. There are ~~five~~ bills;
two Tap and ~~four~~ ^{three} Tap invasion
and I'm also sending license
and social security card. My bill-
fold is covered with fungus so
I don't want to carry ~~it~~ anything
I may need later. So put the
stuff away for me please.

I just happened to think of something you could send me, that is dental floss. I can't get any in the PX's here.

I haven't heard from Joe for a long while; I hope he's still at Newport. Just had mail call and got Mary's V-mail of Nov. 8. Glad to hear Joe took the car to Newport but if his ship is to be commissioned at the end of this month I guess he'll be going on it soon.

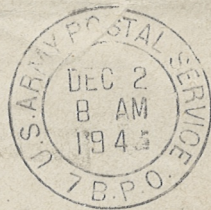

Hoover + I finally got the radio put together but the tube blew out on a short circuit so we've got to beg, borrow, or steal another. It did work however.

Did you see Danny B. when he was home? And does Carl White drop around very much?

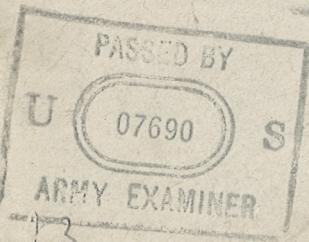

I signed payroll today and they took out the \$30 allotment for the first time so you should get it by the time this letter arrives. Well Dad it's time for supper so here's hoping I hear from you soon.

Love to all and write often!
Your loving son
Bill
